Certificate

The Institute of Electrophotonic Berlin certifies, that the following product of the company

i91422 UK Ltd
51A Anson Rd. London N7 0AR
United Kingdom

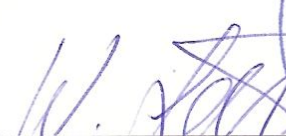

Product
i91422 Bottle

has an affirmatively energetic influence on tap and mineral water with maximum after 3 hours. The water was inside the open bottle with air contact during all tests.

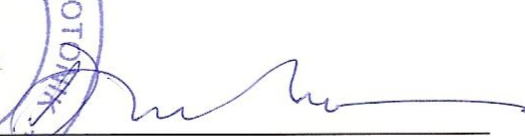

The energized drinking water of the test bottles has an affirmatively positively regulating and harmonizing influence on human body state: it reduces the stress level and increases energy.

The tests of i91422 Bottle influence on water state were conducted with tap and mineral water double blind with placebo control. It were measured the photon emissions parameters of water drops in EPC(GDV)-Camera. The placebo controlled double blind test of influence of i91422 Bottles energized mineral water on human body state was carried out with 20 subjects (male and female of different ages) with EPC(GDV) - Camera. The results are documented in the test protocol 13/002.

Berlin, 28. 03. 2013

Wadim Säidow
Head of the Institute of Electrophotonic Berlin

Prof. Dr. Peter Bukovec
Member of science counsel
of the Institute of Electrophotonic

The validity period of the Certificate is 2 (two) years and can be elongated for further 2 (two) years after the control test of a product from running production.
